Dear Dr. Parkinson:

We have received your death certificate of Frank A. Bauar who died at Buhl, Idaho on November 1, 1936.

The stated causes of death on this certificate are broncho-pneumonia and influenza.
We have searched our files for the communicable disease report of this case but find that it has not been received.

As all communicable disease cases and suspected cases are reportable by law immediately upon knowledge thereof, we are enclosing our regular report card which should be filled out and returned as soon as possible.

Very truly yours,

L. A. LAMBERT, M. D.
Director, Local Health Administration

I do not have a Frank A. Bauar on my records. Possibly the name is Frank Albert Bonar who died on that date.

Gentlemen:

In chicking over our death records we find that we have made a mistake in recording the date of birth on "Peter P. Ladika." The date of birth should be June 26, 1918 instead of 1936. We hope this does not cause you too much added work and are truly sorry for the mistake.

Sincerely Yours.

O. L. McHan.

Gentlemen:

I do not know who was responsible for the error but the date of my mothers birth was not given correctly on the inclosed certificate.

She was born on August 29th not the 9th as is given - I was [illegible]

As this certificate is to be submitted to a life insurance company [illegible]

I do not understand how such a mistake was made as I am sure my brother, J. M. McCarthy and myself gave it correctly.

I am returning the certificate for correction of birth date and exact age which is also not correct under the circumstances.

Very truly yours.
Burton H. Collins

J. M. McCarthys address is 1560 Steele St. Denver but he will verify the above I am sure.

Mrs Luins Williams!

I have sent the inclosed certificates to Life Insurance Co.! and they refuse to except them, on account of the discrepancy in age given, and date of birth.

Will you please correct this for me. You know Dr C.D. Weaver personaly I think, and would know 1868 was the date of his birth, rather than 1886. I have been unable to locate any responsibility for the mistake at this end of the line. Address, Mate Weaver, 250 9th Ave. E. Twin Falls

UNITED STATES STANDARD CERTIFICATE OF DEATH

STATEMENT OF OCCUPATION.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. Make some entry in this section for every person aged 10 years or over. If the deceased had retired from business, report the occupation prior to retirement. Children not gainfully employed may be returned as *at school* or *at home*. For a woman whose only occupation was that of home housework, write *housewife* in answer to Question 8 and *own home* in answer to Question 9. For a person engaged in domestic service for wages, however, designate the occupation by the appropriate terms, as *servant—private family, cook—hotel,* etc. For a person who has no occupation whatever write *none*.

To be complete, an occupation return must state:

8.—The trade, profession, or particular kind of work done.
9.—The industry of business in which the work was done.
10.—The month and year the deceased last worked at the occupation.
11.—The number of years the deceased followed the occupation.

In stating the occupation, avoid the use of such indefinite terms as "employees," "worker," "operative," etc. Find out the particular kind of work done and return that as *spinner, weaver,* etc.

In stating the industry or business, avoid the use of such general terms as "store," "factory," "mill," etc. State the particular kind of store, factory, mill, etc., as *grocery store, soap factory, cotton mill,* etc.

Distinguish carefully the different kinds of engineers by stating the full descriptive titles, as *civil engineer, mechanical engineer, mining engineer, stationary engineer,* etc. Avoid the term "laborer" when a more precise statement of the occupation can be secured. Do not use the word "mechanic," but give the exact occupation, as *carpenter, painter, machinist, etc.* Distinguish carefully between *retail merchants* and *wholesale merchants. A* person who sells goods should be called a *salesman* and not a *clerk.*

STATEMENT OF CAUSE OF DEATH.—Cause of death means the disease, injury, or complication which causes death, *not* the mode of dying, *e. g.*, heart failure, asphyxia, asthenia, etc. As principal cause name the disease or injury causing death. As related causes, name earlier morbid conditions, if any, related to the principal cause and any important complication of the principal cause. Under other contributory causes of importance, name other important diseases or injuries. Examples:
